MAKE A HUGE DIFFERENCE

The support that we receive from our corporate volunteers is vital to Calthorpe's continued good work in the south Camden community.

Your assistance allows us to keep our garden up and running, and your donations help us to maintain our valued programmes and support our local residents.

You give us the chance to educate on the crucial role that gardens such as ours play in urban areas, and to build on understanding of our responsibility to the environment.

SUPPORTING US

We ask for a donation for team volunteering days - this allows us to keep our beautiful garden open to the public, and helps us support our vulnerable community members.

MINIMUM CHARGE

We welcome groups of any size but we do charge for a minimum of 15 people to ensure we can dedicate a member of staff to your volunteering day.

RESCHEDULING BOOKINGS

Bookings may be rescheduled at the discretion of Calthorpe Community Garden. Where public transport failure or other extreme circumstances prevent a group from volunteering (e.g. freak weather), the day will be rescheduled at no extra cost.

CANCELLATION POLICY

All groups will be invoiced at 50% of the total to secure the booking. Cancellations made within three weeks of the booking date will forgo this deposit. A final invoice will be sent one week before the booking. After this date, the number of participants costed on the invoice cannot be decreased, and any cancellations made will forgo the full cost of the day. This is to cover the cost of staffing and admin for the day, and also to compensate for the loss of other potential bookings.
